

imagine:

**Artificial grass.
We know what
you're thinking.
But bear with us.**

A company that doesn't settle for anything other than outstanding results.

STM prides itself on being a leader in the artificial grass field (no pun intended). We work with advanced laser cutting technology, the highest quality products you can find, and extremely talented designers. It's a recipe for success.

Imagine working with design and installation experts that make your life easy every step of the way, from initial concepts to stunning results.

It's all possible.

imagine:

Enhancing
your experiential
marketing campaign.

imagine:

Bringing
your logo to life.

imagine:

Bringing
the outdoors in.

**They imagined
with STM.**

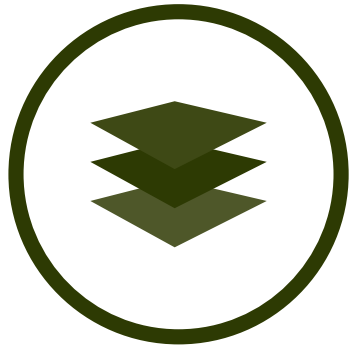

imagine:

The possibilities.

imagine:

The benefits.

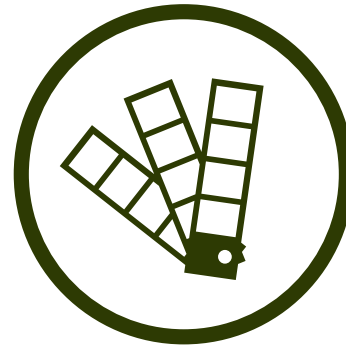

**Suitable
for various
surfaces**

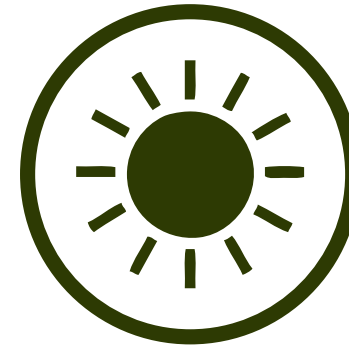

**Professional
consultation**

**Free
drainage**

**A variety
of colours**

**Tested for UV
stabilisation**

**Flame
retardant**

imagine:

A company that has over fifteen years of experience in the artificial grass industry.
